

LUMBER MEN IN CITY WELL PLEASED WITH UTILITY TRAILERS

The progressive lumber yards in Phoenix are equipped with utility trailers to take advantage of the great building boom which is evident more and more every day. The Shoup Lumber company has just put into service a three-ton semi-trailer which is used in connection with their Republic truck. The Halstead Lumber company has increased their equipment with a three-ton semi-trailer, which is used in connection with a one-ton Ford truck, as shown in the accompanying photograph.

We have five utility trailers including the three-ton semi-trailer recently purchased from you which is being used in connection with a one-ton Ford truck. All are very satisfactory and a big help in reducing the hauling cost.

HALSTEAD LUMBER CO.
After using two of your utility trailers for one and a half years we purchased a three-ton semi-trailer to use in connection with a one-ton truck. We have no trouble in getting three tons of lumber with this outfit with a very slight increase in expense over the carrying of a one-ton truck alone.

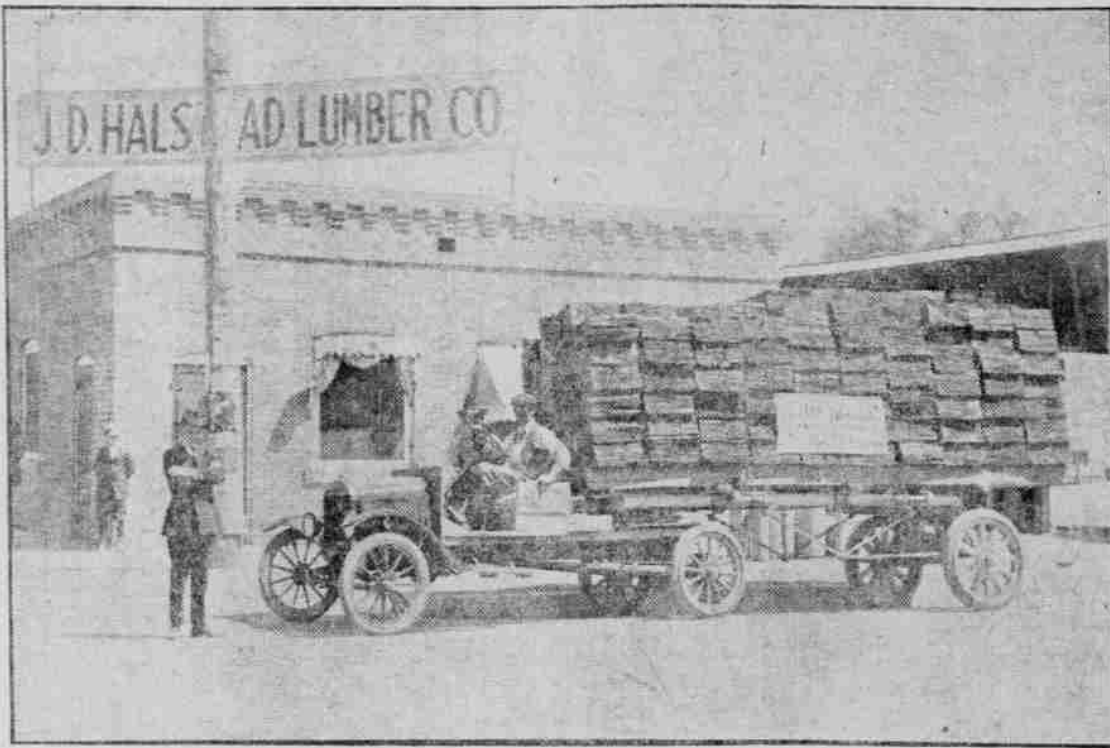

SHOUP LUMBER CO.
Mr. O'Connell of the O'Connell Lumber company also uses three trailers, says he has run the first one 50,000 miles and it is still doing satisfactory work. Mr. Bennett of the Bennett Lumber company states: "We have three utility trailers and they are all money savers."

The local merchants here have not taken advantage of the semi-trailer to the same extent as the lumber companies have, although the principal involved in the use of the semi-trailer on light trucks is applicable to all branches of light hauling.

Progressive Lumber Yards Of Phoenix Find That Trailers Are Indispensable

GIRL TO FACE LARCENY CHARGE ON THURSDAY

Nina Wagner, who came here from California as a witness in a white slave case against W. D. Thornton, only to find herself the defendant in a grand larceny case with Thornton, as the complaining witness, will appear before Justice De Souza Thursday, her

preliminary hearing which was continued from a week ago until yesterday, having gone over several days. The girl wife of a soldier who came here from Oklahoma with Thornton, is alleged to have taken \$1700 in Liberty bonds and \$1000 in cash from him before she left town on the last day of February. It was his complaint against her to the sheriff that led to his own arrest by the federal authorities. He has already pleaded guilty to violation of the Mann act.

TROUBLES OF EIGHT COUPLES ARE TOLD IN DIVORCE COURT

Divorce day in Judge Stanford's court yesterday brought relief to eight couples, while in some half dozen other cases temporary alimony was granted, pending the final disposition of the matters.

In one instance neither the plaintiff or defendant appeared. The plaintiff, George Holmes, requested his family to institute proceedings that he might return from service in France a free man. The soldier's mother said that her son's wife, Bessie Holmes, was conducting herself in an improper manner, and alleged actions at a hotel in Tempe had been communicated to Holmes who asked that divorce action be taken.

Miss Georgia Walters who went to the hotel in Tempe to procure evidence testified and Constable Wood of Tempe supplemented the testimony given by the two women. The decree was granted.

Mrs. Hester Wilder, who has been the wife of Edward Hugh Wilder since January, 1917, was granted a decree from Wilder who is serving a penitentiary sentence for a statutory offense. The couple have a child who is with the parents of Mrs. Wilder in Minnesota.

On the ground of failure to provide, Mrs. Vivian Anderson secured a divorce from Robert Anderson. The couple married in this city in 1914 and have two small daughters who are in their mother's custody. Anderson must contribute \$25 a month toward the support of the children, according to an order of the court.

Desertion and failure to provide on the part of J. Ross Oates procured a divorce for Mrs. Cora E. Oates, who was granted the custody of the four-year-old son of the couple. The couple was married in Covington, Kentucky, in 1910.

A Los Angeles wedding of 1915 ended in the divorce court yesterday when Pearl Helen Galvin was granted a decree from Charles Galvin. The ground was desertion.

WOULD RATHER STAY IN JAIL THAN WORK FOR WIFE ON RANCH

Declaring that he would rather remain in jail than work for his family pending the trial of his case, Herbert Brown, charged with failure to provide for his wife and minor child, refused to accept his liberty yesterday.

Judge Stanford offered to release Brown on his own recognizance but the defendant objected, stating that he preferred a cell to living on a ranch and working. He said he would support his wife if she lived with him—but not at the ranch.

Brown showed his aversion to the ranch some time ago when he rested under the shade of a tree and permitted his wife, with a baby in her arms, to build up the ditches preparatory to irrigating, according to a witness at the preliminary hearing of Brown held in the justice court a few days ago. He was bound over to the superior court, where he was arraigned yesterday. His case was set for trial on June 12.

TO DISPOSE OF W. H. CRAWFORD TOMORROW

W. H. Crawford, public accountant, who has been held in the county jail for failure to provide for his wife and child, will be sentenced by Judge Stanford at 9:30 o'clock Monday morning.

After Crawford entered a plea of guilty, the court fixed bond, ordering him to contribute \$25 a month to his family and remain in this country. In view of the fact that he cannot give bond, other disposition will be made of the case.

Crawford was taken into custody in Portland, where he was earning a large salary as an accountant. He says that he will be unable to secure profitable employment in this county and asked for permission to leave, which was denied by the court.
